Initiatives in India

In 2023 our major focus has been in the areas of early childhood development, adolescent education, basic healthcare needs, and enabling livelihood in Tamil Nadu, Andhra Pradesh, Telangana and Jharkhand. To this end we have completed several projects, either chapter specific or as part of National service projects. These include Anganwadi support, basic infrastructure for PHCs, vision care for school kids, cataract surgeries, custom made-prosthetics, bicycles for girl students, blankets, personal hygiene kits for cerebral palsy patients, livelihood support for widows, and more!

Anganwadis

Funded basic needs like weighing scales, educational and play materials for 132 anganwadis in Madurai, Salem and Chennai, helping over 3000 kids

Vision Care Camps & Cataract Surgeries

Supported 20 cataract surgeries in AP & Punjab.

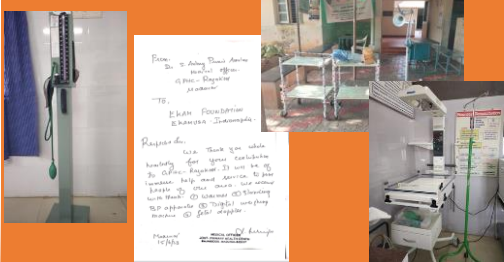

Bicycles & Toilets for Girl Students

To facilitate transportation from remote rural areas, we funded bicycle banks with 43 bicycles in Sanikavaram and Bommalapuram schools in Andhra Pradesh. Funded functional toilet block for girls in LKB Nagar School, Madurai.

Basic Infrastructure for PHCs

Supported 3 PHCs in Madurai with life saving equipment like a fetal doppler and an infant warmer & basic needs such as BP apparatuses, x-ray supplies, and an RO unit.

What some members are saying ..

As an EYA, I love Ekam Indy because when I volunteer at Second Helpings, Gleaners, and other agencies, it is always good friends working together to make a change in the community. –Nithik

Ekam Indy is well-organized, and the small group setting at local volunteering events is good for fostering and nurturing friendships and providing opportunities for learning for kids as well as adults. Seeing the impact motivates us to do our part in giving back to the society. – Parent Neeraja.
